In this report you are about to discover how to give your girl an “Ultra Intense Orgasm”.

If you are unsure WHAT an Ultra Intense Orgasm is... don't worry... very few men and even most women are unaware of this extremely powerful orgasm! But once your girl experiences it she'll remember it forever...

An “Ultra Intense Orgasm” is when your girl cums SO hard and so many times that she has no idea how LONG or how MANY orgasms she even had.

This type of orgasm is NOT common for women, as most men are too lazy or too uniformed about a woman's body to know how to give one.

This isn't always a bad thing. If you are only interested in a girl for casual sex you probably do NOT want to do this with her, because once you do she will be sexually addicted to you for a long time. So it's best to you only use this with a girl you like.

When many guys first hear about an “Ultra Intense Orgasm” they aren't sure if their girl is even CAPABLE of having one. The answer is YES!!!... and here's why:

For us guys, it's pretty easy to get off, right? It doesn't take much time or effort, and you don't have to know any special “tricks”...

But for women, it isn't so simple. While men require little sexual technique from a woman in order to come, a woman requires A LOT of sexual technique from a man! And....on top of requiring technique, a woman requires 1 thing even MORE important!

In order to have an orgasm, a woman needs A CLEAR MIND and to be relaxed!

So.... if a woman needs sexual stimulation AND relaxation to orgasm, what do YOU think would happen if you gave her INTENSE sexual stimulation and COMPLETE relaxation?

If you realized that INTENSE sexual stimulation + COMPLETE relaxation = An Ultra Intense Orgasm...then you are right!

It sounds simple, and it is. It's kinda surprising that more guys don't know this, but whatever, let's keep the secret between me and you ;)

And now let's move on to the fun stuff...

Below is a step-by-step guide to EXACTLY what to do to render your girl helpless and orgasming uncontrollably. I've personally used this technique with DOZENS of women. It took me a long time to perfect it, but now I've gotten it down to a science, so I'm excited to share it with you.

IMPORTANT: The stuff I'm going to tell you to do OUTSIDE the bedroom is equally as important as what you do inside! In order for this to work, you and your girl have to be in the right mindset, and the 3 things I'm going to share with you to start doing outside the bedroom will get you there.

Think of these things as EMOTIONAL FOREPLAY... you are priming her for the best orgasm of her life before you even hit the sheets!

Here are the 3 things to do OUTSIDE the bedroom first:

1) Be Romantic OUTSIDE the Bedroom

When you are romantic outside the bedroom, it reassures her you like her for more than just sex. (And this goes for women in ALL types of relationships, even those that are married!). The more your girl FEELS and KNOWS you are emotionally into her, and she's not just being used for sex, the more she is going to relax during sex!

For this reason, it's best to use the Ultra Intense Orgasm technique on a night when you have spent some one-on-one time together first, and preferably doing something special that you DON'T do every time you hang out! For example, the time to do this would be after you spent the day at an amusement park, or took her out on a really fun dinner date. The times NOT to do this are when she is just coming over to watch a movie, or when you've been out with a group of friends. Get it?

2) Be Lightly Authoritative OUTSIDE the Bedroom (aka, be a man!)

Your girl will only respond well to the verbal and physical techniques (below) necessary for an Ultra Intense Orgasm if she is used to you being lightly authoritative with her. Here are two simple things to do:

1) Playfully push her up against the wall (lightly) and make out with her and then stop (do this a few times while you are out on the days you want to give her an Ultra Intense Orgasm)

2) Playfully tell her what to wear for you. (if you are single and it is a relatively new girl tell her "Wear hot shoes!" before your date! And be sure to compliment them when she shows up!) If it is your girlfriend or wife say, "Baby, you look so sexy in that short red dress (or whatever outfit you like)... I want you to wear that for me." The more you can

set up the dynamic that she is doing stuff to please you the easier it will be to BLOW HER MIND in the bedroom later! Haha

3) Order for her at dinner. Tell her she should “trust you”, but to let you know if there is anything she doesn’t like. Then order some fun things to share. The restaurant doesn’t have to be expensive and doesn’t have to be fancy, as long as you make it ROMANTIC. Either sit next to her, or play footsies if you’re sitting across from her. Be sure to tell her a couple things you SPECIFICALLY like about her – both her personality and her looks.

4) Get her used to YOU being the leader by leading her around. Grab her hand and pull her through a crowd of people. When you are walking down a sidewalk gently grab her shoulders to switch spots with her so you are closest to the curb (women LOVE this one!). Open her door then take her hand to help her out. At a surprise moment in your date, grab her hand and twirl her around like you are dancing. This little gestures show her you are a gentlemen, but also the MAN and in charge! It’s a potent combination that gets a girl hot and horny for you every time!

3) Prime the Bedroom for Sex

This is pretty simple. Make sure you have clean sheets on the bed, no pets can enter the bedroom, and the tv is OFF. Put on some nice music (John Mayer is always good), dim the lights (very important so she doesn’t get self-conscious) and light a candle or 2 (don’t overdue it). Think classy, simple, and sexy, and it will make her feel sexy and RELAXED.

Now for the REALLY fun stuff!

Ok, now that she is primed and ready... here are the sexual techniques and the EXACT lines to copy to give your girl an Ultra Intense Orgasm. But, remember, only use this if its a girl you REALLY like...because after you do this she WILL want sex with you all the time !

Here is the step by step guide to the sex techniques and lines to say to give her an ultra intense orgasm:

- Lots of teasing when you get home and not yet starting to have sex. Tease her by kissing her and then stopping to do something else (like turning on music or opening a bottle of wine.) Do it repeatedly!
- Now get to your bedroom and kiss for AT LEAST 20 minutes while FULLY CLOTHED. This amount of foreplay while still clothed is going to communicate other that you REALLY INTO her. The extended emotional foreplay (the 3 steps above) COMBINED with 20 minutes of kissing fully clothed will make even the most uptight woman SUPER RELAXED and turned on for you!
- -Now get her down to her bra and panties and kiss for a full 10 minutes more! I

know this sounds crazy, like EXCESSIVE making out but this order and amounts of time is VERY important. Break up the kissing by complimenting her on her kissing skills and telling her how hot she is. Now that you are kissing her while you are both in your underwear she is going to KEEP the relaxation you have given her but also get HIGHLY aroused.

- Now you are going to take her arousal back down a bit in order build it even higher in the step :) Leave her bra and panties on and place her face down on the bed. You should be naked. Sit on her butt and rub her shoulders and neck while you lean forward and your upper body makes contact with her back. Massage her with the same amount of force you would squeeze out some toothpaste. Not too soft, not too hard. Kiss the base of her neck, stroke her hair and rub her entire body OTHER than her R and X-rated zones. About half way through, remove her bra. After at least ten minutes of massage (during which time also tell her how much she turns you AND how much you like her !) turn her over and SLOWLY take off her panties.
- Now proceed to go down on her by lightly and slowly licking her clit. Don't worry about giving her an orgasm just maintain an light and slow pace build her excitement slowly :) Continue until she is bucking her hips and wants your mouth even more. For every girl this is a different amount of time.
- Next place her in missionary and put yourself inside her very very slowly. Take a FULL MINUTE to enter her. This specific wait is going to make her VERY horny for you... so DO NOT RUSH THIS!! :) Start thrusting VERY SLOWLY in missionary position while making strong eye and kissing her... but ALTERNATE your thrusts with a few shallow for every one deep "Make love to her" do not "fuck" her. Continue until she starts moving her hips and gesturing for you to go faster and harder :)
- Pull her on top of you and have her ride you. But hug her VERY tightly and pull her head down next to yours. Again go slowly and tell her how into her you are and how crazy she drives you. Keep the pace slow and very romantic. When she again hits the point where she tries to pull back up to ride you faster you are going to unleash the beast! Here's what to do next:
- Say, "Baby, I'm so into you and now I want to show you how into you I am by fucking you VERY hard!" Position her back into missionary but this time its a bit different...
- Proceed to thrust with reckless abandon! Tell her how much you've been wanting to do this but you wanted to first show her how much you like her. (or how much you love her if its your wife or girlfriend!) The way that you have set the stage by arousing her romantically in the rest of the steps makes this VERY powerful. She is now TOTALLY relaxed and you told her the reason you are fucking so hard if because you like her so much! Your fucking her REALLY hard but with the emotions of romantic lovemaking ! She will LOVE IT :)
- Continue thrusting as hard as you can and when she seems like she is about to come, tell her. "Baby, I want to feel you come on me." At this point she should be able to come ALL OVER YOU.

And trust me, and trust this specific sequence of steps that this will be the MOST intense orgasm of her life. Let the sequence work for you, just copy and enjoy the orgasm :) And remember, once you finally come be sure to pull her on top of you, give her a big kiss, and tell her special she is to you! That way she will be so into that Ultra Intense Orgasms will get

easier and easier to give to her !

I hope you enjoyed this report, but most importantly, I hope you go and TRY THIS OUT with your girl! It took me a lot of time to figure out this exact sequence and I think you'll be AMAZED at just how powerful it is!

Troubleshooting...

To wrap this up, let's talk about some common questions you may have that you THINK would prevent you from giving your girl an Ultra Intense Orgasm :)

Problem: She needs her clit rubbed at same time to have orgasms

Answer: Thrust as fast and hard as you can and tell HER to rub her clit. Chances are she does it better than you anyway! After this sequence you're going to get all the credit for the ultra intense orgasm anyway !:)

Problem: She doesn't have orgasms

Answer: Instead of just going down on her first go down on her and give her an oral sex orgasm. (if you don't know how its shown in Extreme Female Orgasms) Then when you finally do penetrate her because she as had ONE orgasm if she is a girl that doesn't come easily she is very likely to have a second, intenser orgasm. :)

Problem: You can't last long enough to give her penetration orgasm

Answer: All the foreplay and kissing in this sequence will relax not just her but ALSO you. It may not CURE stamina issues you may be having but it will hopefully allow you to last long enough to give her a penetration orgasm.

Problem: Not good enough oral skills

Answer: The sequence is designed around light clit licking for arousal, not full on oral sex orgasms. (unless she never comes through penetration then try and give her an oral sex orgasm first)

Problem: She's never had an orgasm

Answer: When this information was given via a small seminar a few months ago 4 different guys remarked that THIS sequence gave their girl her first penetration orgasm ever. One guy said his girl even squirted !

Problem: Penis is too small to hit the right spot for an Ultra Intense Orgasm

Answer: This is my favorite excuse... because the reason I worked so

hard to create this technique is because I ALSO HAVE A SMALL PENIS! It used to bum me out but you know what?? I don't care any more because I now know that using this technique I can give a girl a more powerful orgasm than any other guy can, no matter what his size! This sequence for an Ultra Intense Orgasm TOTALLY relaxes your girl and increases her sexual arousal to near UNTOLERABLE levels. Don't worry about your penis size, she will come just to relieve herself from the incredible sexual arousal you have given her!

If you enjoyed this report I'd like to share something else with you that I'm very excited about. I am getting ready to release a new program called, "**Extreme Female Orgasms**" that I truly believe will be LIFE CHANGING for any guy who used to suffer from the same problems I used to have with girls.

I don't know about you... but up until recently I had ZERO girls in my life. I didn't lose my virginity till I was 24 and for most of my time since then I'd be lucky to have sex with ONE GIRL A YEAR (and yeah, sometimes I'd have to pay.)

Some of it was self-confidence issues, plus I was embarrassed with my size and I couldn't last very long. But recently I've discovered some things that have enabled me to turn it all around and now I want to help other guys do the same.

In **Extreme Female Orgasms** I'm going to be sharing these things and more. For example, did you know that a woman is capable of experiencing 8 DIFFERENT KINDS of orgasms??

In this program you will discover how to give your girl the 7 other types of orgasms... including 2 different types of orgasms that are just as powerful as the Ultra Intense Orgasm, but don't require actual penetration! The best part about these 2 is you can give them to a girl BEFORE you ever have sex with her to get her totally addicted to you. They are also great if you haven't mastered your stamina yet... give her these 2 orgasms and she won't care how fast you cum... she'll be so deep in a state of orgasmic bliss she won't even notice! :)

If you want more (and louder) orgasms in your sex life...and MORE SEX in your life, period... then I'm very excited to share **Extreme Female Orgasms** with you! So keep an eye on your email inbox for when it's ready :)

Your Friend for GREAT SEX! (and lots of it!)
